Return to Life

We provide peer support to those affected by Chronic Kidney Disease, someone to talk to who can listen and share common ground. The long term mission is to create a National, independent Scottish renal charity. Run by renal patients for renal patients. With your help we can be there to offer the support and hope they need.

These two concerts will provide much needed support and exposure to our embryonic charity which is currently run by two dedicated volunteers in Glasgow and Edinburgh. Look us up on Facebook @ReturnToLifeR2L Scottish Charity SC047494

RTL Ensemble

We are a group of musicians who have come together to support this great charity. Arthur Doyle - Violin / Viola
